

ADS International Conference 2023
Oral Presentation List

No.	Abstract ID	Accept No.	Date	Session	Time	Venue	Topic	Title	Country	Authors
1	0024	OP-01	November 9(Thu)	Oral Presentation 1	16:30-16:40 (7 min. Presentation+3 min. Q&A)	Hall A [Convention Hall 2]	Dysphagia assessment	Bolus with different IDDSI level significantly affect the accuracy of clinical signs in detecting aspiration in trial swallow	Taiwan	Ming-Yen Hsiao
2	0034	OP-02	November 9(Thu)	Oral Presentation 1	16:40-16:50 (7 min. Presentation+3 min. Q&A)	Hall A [Convention Hall 2]	Dysphagia assessment	A Scoping Review of Non-Instrumental Dysphagia Screening Tool: Building Algorithms to Guide Tool Selection	Taiwan	Yu-Chun CHANG
3	0074	OP-03	November 9(Thu)	Oral Presentation 1	16:50-17:00 (7 min. Presentation+3 min. Q&A)	Hall A [Convention Hall 2]	Dysphagia assessment	Association of Pharyngeal 2D Area and 3D Volume Measurements in Healthy Subjects During Swallowing	Japan	Howell Henrian Bayona
4	0112	OP-04	November 9(Thu)	Oral Presentation 1	17:00-17:10 (7 min. Presentation+3 min. Q&A)	Hall A [Convention Hall 2]	Dysphagia assessment	The Develop of Chinese Version Oral Frailty Index-8 and the Association between Oral Frailty and Sarcopenia in Kaohsiung City	Taiwan	Chen-Cheng Yang
5	0123	OP-05	November 9(Thu)	Oral Presentation 1	17:10-17:20 (7 min. Presentation+3 min. Q&A)	Hall A [Convention Hall 2]	Dysphagia assessment	The prevalence of dysphagia and impact of Fiberoptic Endoscopic Evaluation of Swallowing (FEES) findings for dysphagia management in dementia patients	Thailand	Paitoon Benjapornert
6	0202	OP-06	November 9(Thu)	Oral Presentation 1	17:20-17:30 (7 min. Presentation+3 min. Q&A)	Hall A [Convention Hall 2]	Dysphagia assessment	Development of the prediction model for dysphagia based on the patient's voice after food intake	Korea	Jungmin Kim
7	0061	OP-07	November 9(Thu)	Oral Presentation 2	16:30-16:40 (7 min. Presentation+3 min. Q&A)	Hall B [Convention Hall 3]	Dysphagia treatment	Pharyngeal electrical stimulation increases peripheral sensory afferents via TRPV1 pathway to improve post-stroke dysphagia	China	Qiuping Ye
8	0078	OP-08	November 9(Thu)	Oral Presentation 2	16:40-16:50 (7 min. Presentation+3 min. Q&A)	Hall B [Convention Hall 3]	Dysphagia treatment	The effect of intraoral electrical stimulation on dysphagia patients' tongue function after stroke	China	Lishan Chen
9	0092	OP-09	November 9(Thu)	Oral Presentation 2	16:50-17:00 (7 min. Presentation+3 min. Q&A)	Hall B [Convention Hall 3]	Dysphagia treatment	Transcutaneous auricular vagus nerve stimulation alters cough sensitivity depending on stimulation parameters	New Zealand	Karen Ng
10	0096	OP-10	November 9(Thu)	Oral Presentation 2	17:00-17:10 (7 min. Presentation+3 min. Q&A)	Hall B [Convention Hall 3]	Dysphagia treatment	Effects of combined tongue strength and effortful swallow exercise in older individuals	United States of America	Taek Park
11	0169	OP-12	November 9(Thu)	Oral Presentation 2	17:10-17:20 (7 min. Presentation+3 min. Q&A)	Hall B [Convention Hall 3]	Dysphagia treatment	The effect of multi-sensory stimulation associated with eating-task in swallowing function (Pilot-study)	Korea	Jin-Won Jeong
12	0021	OP-13	November 10(Fri)	Oral Presentation 3	11:00-11:10 (7 min. Presentation+3 min. Q&A)	Hall A [Convention Hall 2]	Comprehensive care of swallowing problem	Swallowing and feeding management reduced the incidence of pneumonia in patients with dysphagia after acute stroke	China	Meihong Zhu
13	0048	OP-14	November 10(Fri)	Oral Presentation 3	11:10-11:20 (7 min. Presentation+3 min. Q&A)	Hall A [Convention Hall 2]	Comprehensive care of swallowing problem	Dysphagia and activities of daily living in adults: A retrospective cohort study	Korea	Sanghee Yoo
14	0060	OP-15	November 10(Fri)	Oral Presentation 3	11:20-11:30 (7 min. Presentation+3 min. Q&A)	Hall A [Convention Hall 2]	Comprehensive care of swallowing problem	Association between obstructive sleep apnea and oral health status in post-stroke patients with dysphagia	Japan	Ryosuke Yanagida
15	0089	OP-16	November 10(Fri)	Oral Presentation 3	11:30-11:40 (7 min. Presentation+3 min. Q&A)	Hall A [Convention Hall 2]	Comprehensive care of swallowing problem	Investigation on the knowledge, faith and practice of nurses in rehabilitation nursing of stroke patients with dysphagia in Guangdong Province	China	Delian An
16	0091	OP-17	November 10(Fri)	Oral Presentation 3	11:40-11:50 (7 min. Presentation+3 min. Q&A)	Hall A [Convention Hall 2]	Comprehensive care of swallowing problem	Post-extubation Dysphagia Management: An Interdisciplinary Approach	Thailand	Chirathip Thawisuk
17	0134	OP-18	November 10(Fri)	Oral Presentation 3	11:50-12:00 (7 min. Presentation+3 min. Q&A)	Hall A [Convention Hall 2]	Comprehensive care of swallowing problem	A Novel Service for Severe Dysphagia: Home Visit-based Second Opinion and Swallowing Function Evaluation	Japan	Hideaki Kanazawa
18	0137	OP-19	November 10(Fri)	Oral Presentation 4	11:00-11:10 (7 min. Presentation+3 min. Q&A)	Hall B [Convention Hall 3]	Non-neurogenic dysphagia	Depression and Dysphagia-specific Quality of Life in patients with esophageal cancer surgery	Korea	Jun-An Jeong
19	0036	OP-20	November 10(Fri)	Oral Presentation 4	11:10-11:20 (7 min. Presentation+3 min. Q&A)	Hall B [Convention Hall 3]	Swallowing physiology	Changes in muscle activity due to changes in head and neck angle during swallowing	Japan	Shouta NISHIHARA
20	0102	OP-21	November 10(Fri)	Oral Presentation 4	11:20-11:30 (7 min. Presentation+3 min. Q&A)	Hall B [Convention Hall 3]	Swallowing physiology	Location of the Upper Esophageal Sphincter relative to the cervical vertebrae during swallowing : Analysis using Swallowing CT	Japan	Minxing Gao
21	0155	OP-22	November 10(Fri)	Oral Presentation 4	11:30-11:40 (7 min. Presentation+3 min. Q&A)	Hall B [Convention Hall 3]	Swallowing physiology	High-density Myoelectrical Signatures of Healthy Swallowing	New Zealand	Kiara Miller
22	0070	OP-24	November 10(Fri)	Oral Presentation 4	11:40-11:50 (7 min. Presentation+3 min. Q&A)	Hall B [Convention Hall 3]	Swallowing physiology	Role of P2X receptor on the initiation of swallows in anesthetized rats	Japan	Takanori Tsujimura
