

ADS International Conference 2023

Poster (Printed) Presentation List (3 min. Presentation, 2 min. Q&A)

ADS International Conference 2023
Poster Presentation List

No.	Abstract No.	Session	Topic	Accept No.	Date	Time	Venue	Title	Country	Authors
1	0044	Poster Presentation 1-1	Comprehensive care of swallowing problem	PP-01	November 9(Thu)	17:30-17:35 (3 min. Presentation, 2 min. Q&A)	Hall C [304+305+306]	The Intervention Effect Of Multidimensional rehabilitation management mode On Patients With Dysphagia After Stroke	China	Yin Lei
2	0051	Poster Presentation 1-1	Comprehensive care of swallowing problem	PP-02	November 9(Thu)	17:35-17:40 (3 min. Presentation, 2 min. Q&A)	Hall C [304+305+306]	Predictive factors for swallowing function decline in older adults with Alzheimer's disease: a 1-year longitudinal study	Japan	Maki Shirobe
3	0058	Poster Presentation 1-1	Comprehensive care of swallowing problem	PP-03	November 9(Thu)	17:40-17:45 (3 min. Presentation, 2 min. Q&A)	Hall C [304+305+306]	Prevalence and Correlation of Dysphagia and Obstructive Sleep Apnea in Post-Stroke Patients at a Rehabilitation Hospital	Japan	Kohei Yamaguchi
4	0131	Poster Presentation 1-1	Comprehensive care of swallowing problem	PP-04	November 9(Thu)	17:45-17:50 (3 min. Presentation, 2 min. Q&A)	Hall C [304+305+306]	Effect of cross-sectional area of pectoralis major and paraspinal muscles on prognosis of swallowing function in patients with aspiration pneumonia.	Japan	Kumiko Sakaguchi
5	0118	Poster Presentation 1-1	Nutrition and dysphagia diet	PP-05	November 9(Thu)	17:50-17:55 (3 min. Presentation, 2 min. Q&A)	Hall C [304+305+306]	The effectiveness of the educational videos on knowledge about IDDSI dysphagia diet	Taiwan	Yu-Chin Koo
6	0129	Poster Presentation 1-1	Nutrition and dysphagia diet	PP-06	November 9(Thu)	17:55-18:00 (3 min. Presentation, 2 min. Q&A)	Hall C [304+305+306]	Factors Influencing Decision-making of Oral Cancer Patients with Dysphagia in Choosing Universal Design Food as an Alternative Food Source after	Taiwan	Ching-En Meng
7	0039	Poster Presentation 1-2	Dysphagia assessment	PP-07	November 9(Thu)	17:30-17:35 (3 min. Presentation, 2 min. Q&A)	Hall C [304+305+306]	Temporal Changes of Dysphagia and Tongue Thickness in Amyotrophic Lateral Sclerosis Patients	Korea	Kyoung Tae Kim
8	0085	Poster Presentation 1-2	Dysphagia assessment	PP-08	November 9(Thu)	17:35-17:40 (3 min. Presentation, 2 min. Q&A)	Hall C [304+305+306]	Relations between Substance P Value in Saliva and 100ml Water Swallowing Test	Japan	Hisako Ishiyama
9	0099	Poster Presentation 1-2	Dysphagia assessment	PP-09	November 9(Thu)	17:40-17:45 (3 min. Presentation, 2 min. Q&A)	Hall C [304+305+306]	Exploring the Correlation between Mastication and Deglutition Function and Nutritional Status of Long-Term Care Institution Residents	Taiwan	Ming-Chu Feng
10	0136	Poster Presentation 1-2	Dysphagia assessment	PP-11	November 9(Thu)	17:45-17:50 (3 min. Presentation, 2 min. Q&A)	Hall C [304+305+306]	Recommendation for the level of adhesiveness in a dysphagia diet	Korea	Taeheon Lee
11	0057	Poster Presentation 2-1	Dysphagia treatment	PP-13	November 10(Fri)	12:00-12:05 (3 min. Presentation, 2 min. Q&A)	Hall C [304+305+306]	Effect of high-frequency repetitive transcranial magnetic stimulation on swallowing function in post-stroke dysphagia rats	China	Hongmei Wen
12	0067	Poster Presentation 2-1	Dysphagia treatment	PP-14	November 10(Fri)	12:05-12:10 (3 min. Presentation, 2 min. Q&A)	Hall C [304+305+306]	Effect of Oral Motor Facilitation Technique(OMFT) on Oral Motor Function and Swallowing Function in Stroke Patients	Korea	Yeong Soo Son
13	0071	Poster Presentation 2-1	Dysphagia treatment	PP-15	November 10(Fri)	12:10-12:15 (3 min. Presentation, 2 min. Q&A)	Hall C [304+305+306]	Comprehensive assessment of HF-rTMS treatment mechanism for post-stroke dysphagia in rats through integration of fecal metabolomics and 16S	China	Fei Zhao
14	0075	Poster Presentation 2-1	Dysphagia treatment	PP-16	November 10(Fri)	12:15-12:20 (3 min. Presentation, 2 min. Q&A)	Hall C [304+305+306]	The Effect of Modified Pharyngeal Electrical Stimulation on Severe Chronic Neurogenic Dysphagia and the Mechanisms revealed by fNIRS	China	Hongmei Wen
15	0107	Poster Presentation 2-1	Dysphagia treatment	PP-17	November 10(Fri)	12:20-12:25 (3 min. Presentation, 2 min. Q&A)	Hall C [304+305+306]	Simulation-based learning about biofeedback of swallowing rehabilitation	United States of America	Taeck Park
16	0156	Poster Presentation 2-1	Dysphagia treatment	PP-18	November 10(Fri)	12:25-12:30 (3 min. Presentation, 2 min. Q&A)	Hall C [304+305+306]	Comparative study of the muscle activity of the suprahyoid muscles between Chin Tuck Against Resistance and modified Chin to Chest	Thailand	Sujitra Saentaweewook
17	0031	Poster Presentation 2-2	Neurogenic dysphagia	PP-19	November 10(Fri)	12:00-12:05 (3 min. Presentation, 2 min. Q&A)	Hall C [304+305+306]	The Respiratory-Swallow Coordination May Be Related to Aspiration in Infratentorial Stroke Patients	China	Qiao Jia
18	0072	Poster Presentation 2-2	Non-neurogenic dysphagia	PP-20	November 10(Fri)	12:05-12:10 (3 min. Presentation, 2 min. Q&A)	Hall C [304+305+306]	Temporal and Kinematic Measurements of Hyoid Bone Excursion in Patients with Head and Neck Cancer	Taiwan	Sheng-Hao Cheng
19	0119	Poster Presentation 2-2	Non-neurogenic dysphagia	PP-21	November 10(Fri)	12:10-12:15 (3 min. Presentation, 2 min. Q&A)	Hall C [304+305+306]	The Clinical Characteristics of Dysphagia Developed after Critical Care: CNS vs non-CNS lesion	Korea	Kyu Wan Kwak
20	0059	Poster Presentation 2-2	Swallowing physiology	PP-23	November 10(Fri)	12:15-12:20 (3 min. Presentation, 2 min. Q&A)	Hall C [304+305+306]	Effects of topical application of potassium ion on swallowing initiation in rats	Japan	Satomi Kawada
21	0088	Poster Presentation 2-2	Swallowing physiology	PP-24	November 10(Fri)	12:20-12:25 (3 min. Presentation, 2 min. Q&A)	Hall C [304+305+306]	Using a Wearable Patch Sensor to Measure Repetitive Saliva Swallowing Test	Taiwan	Meng-Siou Li

ADS International Conference 2023

Poster (Printed) Exhibition List

ADS International Conference 2023

Poster Exhibition List

No.	Abstract No.	Session	Topic	Accept No.	Venue	Title	Country	Authors
1	0038	Poster Exhibition	Dysphagia assessment	PE-003	Hall C [304+305+306]	Development and Comparison of a Tool for Measuring the Jaw Open Pace between Healthy Adults and Older Adults	Taiwan	Yu-Hsin Chen
2	0041	Poster Exhibition	Dysphagia assessment	PE-004	Hall C [304+305+306]	Vocal Fold Paralysis and Other Etiologies of Dysphonia in Older Adults: Prevalence and Potential Correlation with Dysphagia	Taiwan	Li-Wei Chou
3	0043	Poster Exhibition	Dysphagia assessment	PE-006	Hall C [304+305+306]	The Correlation between Nutrition and Oral functional assessment for oropharyngeal cancer patients treated with Chemoradiotherapy.	Japan	Minami Yamamoto
4	0052	Poster Exhibition	Dysphagia assessment	PE-007	Hall C [304+305+306]	The Swallowing Physiology after Radiotherapy in Nasopharyngeal Carcinoma Patients with Dysphagia	China	Zhi-Ming Tang
5	0064	Poster Exhibition	Dysphagia assessment	PE-008	Hall C [304+305+306]	Applicability of the questionnaire for the swallowing quality of life (SWAL-QoL)-Taiwan for sarcopenic dysphagia	Taiwan	Han-Qi Ye
6	0065	Poster Exhibition	Dysphagia assessment	PE-009	Hall C [304+305+306]	Relationship between age, geniohyoid and trunk muscle characteristics	Japan	Srinthip Amornsuradech
7	0076	Poster Exhibition	Dysphagia assessment	PE-010	Hall C [304+305+306]	The Relationship between Repetitive Saliva Swallow Test and Parameters of Modified Barium Swallow Study	Taiwan	Yu-Hsuan Lai
8	0079	Poster Exhibition	Dysphagia assessment	PE-012	Hall C [304+305+306]	The temporal and sequential characteristics of dysphagia after infratentorial stroke	China	Meng Dai
9	0093	Poster Exhibition	Dysphagia assessment	PE-013	Hall C [304+305+306]	Relationship between Oral Hypofunction and masseter muscle characteristics	Japan	Rieko Moritoyo
10	0113	Poster Exhibition	Dysphagia assessment	PE-014	Hall C [304+305+306]	A Pilot study: oral and swallowing related function and nutritional status examination among People living with HIV	Taiwan	Hsiang-Chun Wu
11	0127	Poster Exhibition	Dysphagia assessment	PE-015	Hall C [304+305+306]	Comparing high-resolution manometry, electromyography, sound, and bioimpedance in discrimination of swallowing and vocalization events	Japan	Yoichiro Aoyagi
12	0130	Poster Exhibition	Dysphagia assessment	PE-016	Hall C [304+305+306]	Exploring the Relationship between Swallowing Difficulties and Vocal Performance: A Survey Study on Older Adults in Central Taiwan	Taiwan	Liang-hui Wang
13	0133	Poster Exhibition	Dysphagia assessment	PE-017	Hall C [304+305+306]	Evaluation of Radiation Exposure during Videofluoroscopic Swallowing Studies using Optical Stimulated Luminescence Dosimeter (OSLD).	Taiwan	Wei-Shiuan Chung
14	0135	Poster Exhibition	Dysphagia assessment	PE-018	Hall C [304+305+306]	Analysis of Cases with Nasogastric Tube Insertion and the Severity of Dysphagia in a Regional Hospital in Southern Taiwan	Taiwan	Chia-Chien Wu
15	0141	Poster Exhibition	Dysphagia assessment	PE-019	Hall C [304+305+306]	Oral health assessment in dysphagia patients at an outpatient swallowing clinic	Thailand	Kwanta Padungpak
16	0145	Poster Exhibition	Dysphagia assessment	PE-020	Hall C [304+305+306]	Combining Videofluoroscopy and Dysphagia Severity Scale Can Predict the Future Risk of Pneumonia in Dysphagia Cases	Taiwan	Chun-Hung Chen
17	0147	Poster Exhibition	Dysphagia assessment	PE-021	Hall C [304+305+306]	Fiber-optic Endoscopic Evaluation of Swallowing (FEES) for the Detection of Dysphagia in Tongue Cancer Patients Before and After Surgery: A Systematic Review and Meta-Analysis	Taiwan	Hsin-Ming Chen
18	0148	Poster Exhibition	Dysphagia assessment	PE-022	Hall C [304+305+306]	Using Flexible Endoscopic Evaluation of Swallowing to Define Dysphagia after Surgery for Oral Cancer: A Cohort Study	Taiwan	Hsiang Yang
19	0151	Poster Exhibition	Dysphagia assessment	PE-024	Hall C [304+305+306]	Relationship between Sarcopenia and Dysphagia with Comprehensive Swallowing Evaluation	Taiwan	Yi-Chen Chang
20	0167	Poster Exhibition	Dysphagia assessment	PE-025	Hall C [304+305+306]	Delayed cough reflex and cough effectiveness in video fluoroscopic swallowing study: observational study	Korea	Ji Young Kim
21	0171	Poster Exhibition	Dysphagia assessment	PE-026	Hall C [304+305+306]	Correlation between cognitive impairment and dysphagia in supratentorial stroke	Korea	Myungeun Yoo
22	0172	Poster Exhibition	Dysphagia assessment	PE-027	Hall C [304+305+306]	Ultrasonography for Swallowing Assessment: Narrative Review	Japan	Motoomi Nagasaka
23	0175	Poster Exhibition	Dysphagia assessment	PE-028	Hall C [304+305+306]	Quantitative Analysis of Chronological Neck Movements with Smart-phone based Swallowscope	Japan	Naomi Kuramoto
24	0176	Poster Exhibition	Dysphagia assessment	PE-029	Hall C [304+305+306]	Dynamic MRI for swallowing function evaluation of post-surgical status in patients with head and neck cancer	Korea	Jiae Kim
25	0181	Poster Exhibition	Dysphagia assessment	PE-030	Hall C [304+305+306]	Diagnosis of vocal fold palsy through anteroposterior view of videofluoroscopic study	Korea	Jiae Kim
26	0182	Poster Exhibition	Dysphagia assessment	PE-031	Hall C [304+305+306]	Interrater reliability and validity of the Gugging Swallowing Screen(GUSS) between different health professional representatives in non-stroke etiology	Korea	Jiae Kim
27	0185	Poster Exhibition	Dysphagia assessment	PE-032	Hall C [304+305+306]	Advancing Training in Laryngeal Disorders: 3D Printing of Anatomical Models for Enhanced Proficiency in Needle Electromyography and Injection Procedures	Korea	Min Wook Kim
28	0195	Poster Exhibition	Dysphagia assessment	PE-033	Hall C [304+305+306]	A study on diagnostic algorithm for Oral Hypofunction based on the JSG diagnostic criteria	Japan	Hirohiko Hirano
29	0198	Poster Exhibition	Dysphagia assessment	PE-034	Hall C [304+305+306]	Tongue thickness measured by ultrasonography and swallowing difficulty in Thai elderly: a preliminary study	Thailand	Weeradetch Chaihan

30	0020	Poster Exhibition	Dysphagia treatment	PE-035	Hall C [304+305+306]	Case report: two case reports of the effect of repetitive magnetic stimulation on pharyngeal dysphagia	Thailand	Thanayaphon_Sukpongthai
31	0025	Poster Exhibition	Dysphagia treatment	PE-036	Hall C [304+305+306]	Botulinum Toxin Injection for Cricopharyngeal Dysfunction in Sjögren's syndrome: A Case Report	Taiwan	Wei-Chen_Huang
32	0026	Poster Exhibition	Dysphagia treatment	PE-037	Hall C [304+305+306]	Effect of intensive oropharyngeal training on characteristics of tongue pressure in patients with dysphagia after radiotherapy for nasopharyngeal carcinoma	China	Fei_Zhao
33	0037	Poster Exhibition	Dysphagia treatment	PE-039	Hall C [304+305+306]	Comparative effectiveness of swallowing therapies for dysphagia in acute and subacute stroke: a network meta-analysis of randomized controlled trials	China	Wei_Liu
34	0045	Poster Exhibition	Dysphagia treatment	PE-040	Hall C [304+305+306]	Effectiveness of pharyngeal electrical stimulation in post stroke dysphagia: A scoping review	Thailand	Pornsawan_Posawang
35	0068	Poster Exhibition	Dysphagia treatment	PE-042	Hall C [304+305+306]	A Pharyngeal Clearance Facilitating Maneuver: Direct Chin Tuck Against Resistance	Taiwan	Nai-Hsin_Meng
36	0101	Poster Exhibition	Dysphagia treatment	PE-043	Hall C [304+305+306]	Which one is better for removing NG tube ? Home-based VS hospital-based swallowing training	Taiwan	Wang_Hsueh-Pei
37	0104	Poster Exhibition	Dysphagia treatment	PE-044	Hall C [304+305+306]	A case of dysphasia as aftereffects of COVID-19 improved by swallowing training using thickened carbonated drinks	Japan	Masahiko_Okubo
38	0110	Poster Exhibition	Dysphagia treatment	PE-046	Hall C [304+305+306]	Effectiveness of Chin Tuck Against Resistance (CTAR) Training on Swallowing Dysfunction: A Case Report	Taiwan	YU-TING_LAI
39	0120	Poster Exhibition	Dysphagia treatment	PE-047	Hall C [304+305+306]	The effects of swallowing training in stroke patients with dysphagia in Ramathibodi Hospital, Mahidol University Thailand.	Thailand	Narinya_Apai
40	0122	Poster Exhibition	Dysphagia treatment	PE-048	Hall C [304+305+306]	The Effect of Catheter Balloon Dilatation, Mendelsohn Maneuver and Compensatory Treatment on Inferior Pharyngeal Constrictor Dysfunction in Patients with Dysphagia — A case report	Taiwan	Ming_Feng_Wu
41	0126	Poster Exhibition	Dysphagia treatment	PE-049	Hall C [304+305+306]	Effect of comprehensive swallowing rehabilitation on dysphagia in patients with multiple system atrophy: A report of two cases	Korea	Seo Jung_Yun
42	0128	Poster Exhibition	Dysphagia treatment	PE-050	Hall C [304+305+306]	Applying novel technology of 3D printed rehabilitation orthosis to Head and Neck cancer patients with post-treatment Trismus and Dysphagia	Taiwan	Chia-Hsin_Chen
43	0142	Poster Exhibition	Dysphagia treatment	PE-051	Hall C [304+305+306]	Dysphagia treatment after orthognathic surgeries and aneurysm of the internal carotid artery-case study	Taiwan	Yi-Chi_Li
44	0166	Poster Exhibition	Dysphagia treatment	PE-052	Hall C [304+305+306]	Bridge Swallowing Exercise for a Patient with Severe Esophageal Peristalsis Disorder: A Case Report	Japan	Kei_Aoyama
45	0173	Poster Exhibition	Dysphagia treatment	PE-053	Hall C [304+305+306]	Resistive swallowing exercise using kinesiology taping increases activation and thickness of suprahyoid muscles in healthy older people	Korea	Young_Seok_Cho
46	0187	Poster Exhibition	Dysphagia treatment	PE-054	Hall C [304+305+306]	A study on factors for developing pneumonia in home care patients who received dysphagia rehabilitation	Japan	Hroyasu_Funaya
47	0189	Poster Exhibition	Dysphagia treatment	PE-055	Hall C [304+305+306]	Positional effect of head flexion in healthy individuals and patients with dysphagia	Japan	Htoshi_Kagaya
48	0193	Poster Exhibition	Dysphagia treatment	PE-056	Hall C [304+305+306]	Visual inspection of thickened liquid is inaccurate	Hong Kong	Raymond_Fong
49	0200	Poster Exhibition	Dysphagia treatment	PE-057	Hall C [304+305+306]	Management of oropharyngeal dysphagia with cricopharyngeal dysfunction	Korea	Hyunbum_Kim
50	0046	Poster Exhibition	Neurogenic dysphagia	PE-059	Hall C [304+305+306]	The effect of postural control training on stroke- associated pneumonia in patients with dysphagia after stroke	China	Yeping_Zheng
51	0053	Poster Exhibition	Neurogenic dysphagia	PE-060	Hall C [304+305+306]	Application of Multimedia Educational Videos in Dysphagia Patients - A Case Study of Cerebral Infarction	Taiwan	Yi-Chen_Hsu
52	0055	Poster Exhibition	Neurogenic dysphagia	PE-061	Hall C [304+305+306]	Predictors for Failed Removal of Nasogastric Tube in Patients with Brain Insult	Taiwan	Shih_Ting_Huang
53	0066	Poster Exhibition	Neurogenic dysphagia	PE-062	Hall C [304+305+306]	Is the degree of cognitive impairment associated with oral health-related quality of life?	Korea	Suna_Cha
54	0073	Poster Exhibition	Neurogenic dysphagia	PE-063	Hall C [304+305+306]	Dysphagia resulting from bilateral hypoglossal nerve palsy following a suicidal cut throat injury	Taiwan	Ying-Chun_Chen
55	0082	Poster Exhibition	Neurogenic dysphagia	PE-064	Hall C [304+305+306]	Correlation of Temporalis Thickness with Post-Stroke Dysphagia in Patients following Endovascular Thrombectomy	Taiwan	Shu-mei_Yang
56	0086	Poster Exhibition	Neurogenic dysphagia	PE-065	Hall C [304+305+306]	Dysphagia in Patient Following Chemotherapy	Taiwan	En_Yang
57	0105	Poster Exhibition	Neurogenic dysphagia	PE-066	Hall C [304+305+306]	Examination of Factors in the Time Aspect of Improving Swallowing Function	Japan	Daisuke_Kanamori
58	0144	Poster Exhibition	Neurogenic dysphagia	PE-067	Hall C [304+305+306]	Cough peak flow for successful decannulation: four cases with persistent disorders of consciousness	Japan	Hrotaka_Matsuura
59	0163	Poster Exhibition	Neurogenic dysphagia	PE-069	Hall C [304+305+306]	Efficacy and Safety of Vacuum Swallowing to Improve Pharyngeal Bolus Passage	Japan	Kenjiro_Kunieda

60	0023	Poster Exhibition	Non-neurogenic dysphagia	PE-070	Hall C [304+305+306]	Dental Treatment and Dysphagia in Nursing Homes	Japan	Yukako Suzuki
61	0080	Poster Exhibition	Non-neurogenic dysphagia	PE-071	Hall C [304+305+306]	Delayed-Onset Dysphagia after Whiplash Injury: A Case Report	Korea	Jungyun Kim
62	0083	Poster Exhibition	Non-neurogenic dysphagia	PE-072	Hall C [304+305+306]	Overcoming the Challenges of Dysphagia Rehabilitation in Diphtheritic Polyneuropathy during Early Pregnancy: A Case Report	Indonesia	Yuan Laura Puspitasaki
63	0097	Poster Exhibition	Non-neurogenic dysphagia	PE-073	Hall C [304+305+306]	Risk factors for acquired swallowing disorders in ICU patients: an umbrella review	China	Lixue Zhou
64	0100	Poster Exhibition	Non-neurogenic dysphagia	PE-074	Hall C [304+305+306]	Evaluation and treatment for difficulty improving dysphasia in tongue cancer patients treated with retrograde intra-arterial chemoradiotherapy.	Japan	Xuefei Chen
65	0115	Poster Exhibition	Non-neurogenic dysphagia	PE-075	Hall C [304+305+306]	Swallowing Difficulties Among Individuals of Different Categories of Head and Neck Cancer	Taiwan	Yao-Yi Wang
66	0132	Poster Exhibition	Non-neurogenic dysphagia	PE-076	Hall C [304+305+306]	Relationship between pneumonia and length of stay, and medical costs in patients with fragility fracture or orthopedic surgery	Japan	Koji Shibasaki
67	0162	Poster Exhibition	Non-neurogenic dysphagia	PE-077	Hall C [304+305+306]	Dysphagia Caused by Dermatomyositis Misdiagnosed as Tumor Metastasis: A Case Report	Korea	Ryeolin Lee
68	0164	Poster Exhibition	Non-neurogenic dysphagia	PE-078	Hall C [304+305+306]	Predictive Factors for Dysphagia in Lung Transplantation Recipients	Korea	Sung-Hwa Ko
69	0174	Poster Exhibition	Non-neurogenic dysphagia	PE-079	Hall C [304+305+306]	Association between tongue volume and dysphagia in glossectomy patients with reconstruction surgery.	Korea	Jiae Kim
70	0179	Poster Exhibition	Non-neurogenic dysphagia	PE-080	Hall C [304+305+306]	Effect of malnutrition and dysphagia in people undergoing fragility fracture and orthopedic surgery	Japan	Yuriko Tajima
71	0183	Poster Exhibition	Non-neurogenic dysphagia	PE-082	Hall C [304+305+306]	Achalasia Associated with Stomach Cancer and Multiple Lung Metastases: A VFSS Imaging Study	Korea	Junghyeon Park
72	0186	Poster Exhibition	Non-neurogenic dysphagia	PE-083	Hall C [304+305+306]	Longitudinal Changes in Swallowing Functions of Head and Neck Cancer Patients Completing a Prophylactic Swallowing Exercise Program for Chemo-radiation Therapy	Japan	Asako Kaneoka
73	0188	Poster Exhibition	Non-neurogenic dysphagia	PE-084	Hall C [304+305+306]	Dysphagia Following Deceased Donor Liver Transplantation and its Relationship with Perioperative Nutritional Status	Korea	Jiae Kim
74	0029	Poster Exhibition	Pediatric dysphagia	PE-085	Hall C [304+305+306]	Status of Drooling in Children with Cerebral Palsy Using Korean-Drooling Infant and Preschool Scale (K-DRIPS)in South Korea	Korea	Kyoung-chul Min
75	0030	Poster Exhibition	Pediatric dysphagia	PE-086	Hall C [304+305+306]	Effect of Oral Motor Therapy on Drooling Control Ability and Oral Praxis of Child with Cerebral Palsy : Case Study	Korea	Kyoung-chul Min
76	0047	Poster Exhibition	Pediatric dysphagia	PE-087	Hall C [304+305+306]	Feeding Aversion in Children with Neurodisability: A Case Study of a Novel Desensitization Therapy	Taiwan	Chih-En Liu
77	0125	Poster Exhibition	Pediatric dysphagia	PE-088	Hall C [304+305+306]	EDACS In Children With Severe Cerebral Palsy	Malaysia	Phei Ming Chern
78	0157	Poster Exhibition	Pediatric dysphagia	PE-089	Hall C [304+305+306]	EFFECTIVENESS OF ORAL MOTOR SENSORY INTERVENTION TO IMPROVE DIET IN CHILDREN WITH PEDIATRIC DYSPHAGIA	Malaysia	NURUL HASLINA MOHD ZIN
79	0192	Poster Exhibition	Pediatric dysphagia	PE-090	Hall C [304+305+306]	Characteristics of the initial status of patients who requested pediatric feeding therapy in the dental clinic	Japan	Yoko Kato
80	0196	Poster Exhibition	Pediatric dysphagia	PE-091	Hall C [304+305+306]	Temporal analysis of pharyngeal constriction in pediatrics with dysphagia	Korea	YunJu Han
81	0087	Poster Exhibition	Swallowing physiology	PE-093	Hall C [304+305+306]	Effects of food characteristics on feeding behavior in rats	Japan	Makoto Inoue
82	0090	Poster Exhibition	Swallowing physiology	PE-094	Hall C [304+305+306]	Relationship Between Factors in the Intake Axis and Eating Capability in Community-Dwelling Older Adults	Taiwan	Hsin-Shui Chen
83	0114	Poster Exhibition	Swallowing physiology	PE-095	Hall C [304+305+306]	Characteristic examination about the Responder of Interferential Current Stimulation in healthy subjects.	Japan	Kikuo Ota
84	0146	Poster Exhibition	Swallowing physiology	PE-096	Hall C [304+305+306]	The study of flow property of modified liquid consistency and food modification during swallowing in healthy adult	Thailand	Paitoon Benjapornlert
85	0161	Poster Exhibition	Swallowing physiology	PE-097	Hall C [304+305+306]	Effects of age and bolus volume on the opening of upper esophageal sphincter during swallowing: Kinematic analysis in three dimensions using 320-row area detector CT	Japan	Keiko Aihara
86	0165	Poster Exhibition	Swallowing physiology	PE-098	Hall C [304+305+306]	Potential of the crystalline oil and fat in swallowing initiation	Japan	Chisato Aizawa
